No. 249. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Masulipatam, 29th May 1871, No. 24 :—

I HAVE the honour to bring to the notice of Government that the Controller  
1 Bill, Rupees 33-3-0. does not consider that G. O., No. 190,  
of 23rd January 1871, sanctions the  
entertainment of the additional lascars (six) required for the extra officers appointed  
to this district.

2. I beg the early attention of Government to the point, as Captain Vibart  
has paid his lascars himself since the 14th March 1871.

No. 250. ORDER THEREON, 16th June 1871, No. 1,610.

ESTABLISHMENT, No. 32.

THE sanction accorded in G. O.,  
No. 190, dated 23rd January 1871, had  
reference only to the arrangements  
necessary for giving immediate effect to the proposals of the Chief Engineer for  
Irrigation for the supervision of the works in the Kistna Delta, and did not there-  
fore include the additional lascars stated to be required when the extra Executive  
and Assistant Engineers are posted to the Delta. The lascars will form a perma-  
nent increase to the establishment, for which the sanction of the Government of  
India will be necessary, and before it can be applied for it is necessary that this  
Government should have fuller information than has been laid before them regard-  
ing the necessity for the extra lascars, together with a statement showing clearly  
the distribution of the sanctioned number prior and subsequent to the re-arrange-  
ment of executive charges approved in G. O., No. 190, dated 23rd January 1871,  
the officers under whom they were and are employed, and those for whom the addi-  
tional number is applied.
