*Proceedings of the Madras Government, Public Works Department,
21st June 1871.*

No. 375 Read the following Endorsement of the Deputy Consulting Engineer for Railways, dated Madras, 16th June 1871, No. 268 —

From the Acting Agent and Manager of the Madras Railway Company, to the Acting Consulting Engineer for Railways, dated Madras, 15th June 1871, No. 353.

I HAVE the honour to inform you that the Great Indian Peninsula Company have expressed their intention of booking goods to and from the Raichore Station on and from the 26th instant, and I have therefore the honour to request that you will be so good as to communicate the necessary sanction of Government for the opening of the station for goods traffic from that date, and also for the conveyance of goods on the Madras Railway between Mutmurry and Raichore

2. As far as this Company is concerned we would have preferred to postpone the opening for goods until the roof of the goods shed arrives from England, and all the arrangements are completed; but as the officers of the Great Indian Peninsula Company will not consent to any postponement, I have no alternative but to make this application.

3. The best arrangements in our power will be made for the protection of merchandize by using the salt godown and the verandah of the passenger station, and by means of tarpaulins.

SUBMITTED for the favourable consideration of Government.

2 The convenience to the public of the proposed arrangement will be great, and with care the liability to damage of the merchandize until the goods traffic is more fully developed will probably not be great.
