No. 423. Read the following Endorsement of the Acting Superintending Engineer, 8th Division, dated Madura, 15th June 1871, No 845 —

From Serjeant J. B. SANDERSON, Supervisor in charge of Operations, Paumben, to the Superintending Engineer, 8th Division, dated Paumben, 3rd June 1871, No 16

With reference to your memorandum No 628, dated 31st May 1871, I have the honour to request a further extension of two months in order to pass the vernacular test if such can be allowed. It will be seen by my letter No 42, dated 28th November 1870, and its reply as contained in memorandum from your office No. 2,438, dated 6th December 1870, that no intimation of the Government Order No 151, dated 13th January 1870, reached me till the latter end of 1870, since which time I have done my best, with the means at my disposal, to acquire the requisite standard, but still scarcely feel sufficiently confident to appear so soon, so that, if the indulgence requested can be accorded, I would wish to avail myself of it, otherwise I will undergo the examination on the 3rd proximo.

Submitted for the favourable consideration of Government.

Owing to inadvertence in this office, a copy of G O, 13th January 1870, No 151, was not forwarded to Serjeant Sanderson until the 6th December 1870, although the G. O. was communicated to all other Range Officers on the 27th January 1870

2. As Serjeant Sanderson conducts the duties required of him, in a very isolated spot, in a remarkably satisfactory manner, it would be but a poor return to subject him to the risk of a deduction of 10 per cent from his salary for not passing an examination for which adequate warning had not been given him.

3. Moreover, to take him away from those duties at the present moment, in order to attend this examination at Madura on the 3rd proximo, is certainly not desirable, whereas, if he be allowed to attend the fourth quarterly examination in October 1871, he can do so without inconvenience to the works, as the south-east monsoon puts an end to all dredging, etc, so long as it continues
