Extract paragraph 7 from a letter from the Government of India, Public Works Department, to the Joint-Secretary to the Government of Bengal, Public Works Department, Railway Branch, No. 367 A—R, dated 10th June 1871.

PARAGRAPH 7.—With regard to the enquiry whether the term *minerals* should include other freight than coal, I am to state that it does not appear that any other article is included under this term on any Railway in India, and as coal is the only article of mineral freight to which special attention is naturally directed, it should, as a general rule, be alone exhibited under this head. All other descriptions of minerals should be included with the ordinary goods traffic.
