*Proceedings of the Madras Government, Public Works Department,
1st July 1871.*

No. 11.⁷ Read the following Circular from the Government of India, Public Works Department, (Buildings and Roads—Military,) to the Governments of Madras, Bombay, Bengal, the North-Western Provinces, and Punjab; the Chief Commissioners of Oudh, Central Provinces, and British Burmah, the Resident at Hyderabad; the Agents to the Governor-General for Central India and Rajpootana, and the Superintendent of Port Blair, dated Simla, 6th June 1871, No. 23 —

It having been brought to notice that instances of theft have been committed in public buildings by breaking a pane of glass and so opening the internal fastenings of doors, the Government of India called for reports on the means of preventing such thefts. Reports have been received from all the Local Governments on this subject, but it only appears necessary for the Government of India to request that, in the cases of Store-rooms and such like buildings, arrangements may be invariably made for so fastening the doors and windows that they cannot readily be opened from the outside.
