No. 39. Read the following Endorsement of the Controller of Public Works Accounts, dated Madras, 26th June 1871, No. 828 :—

Memorandum from the Acting Superintending Engineer, 1st Division, to the Controller of Public Works Accounts, dated Dowlaishweram, 19th June 1871, No. 906.

WITH reference to memorandum No. 114, of the 12th June 1871, from the Controller of Public Works Accounts, the undersigned has the honour to state that the description of the manner in which Mr. Supervisor Hamnett is employed, given in the Statement F. F., which accompanied the Pay Abstract of the Vizianagram Range for May 1871, is altogether incorrect.

2. Mr. Hamnett submitted a certificate of ill-health, in which a change of air was stated to be essentially necessary for his recovery. This certificate was forwarded to Government, and the undersigned recommended Mr. Hamnett to be pensioned on the score of failing health, infirmity, and mental and physical unfitness for the charge of a range.

3. Under these circumstances, and as final orders have not been passed by Government on this Office report, Mr. Hamnett must be considered as on sick leave from the 17th March last, the date he gave over charge of his range to Talook

Acting Superintending Engineer, 1st Division.

SUBMITTED for the orders of Government as to whether, under the circumstances explained by the Superintending Engineer of the 1st Division, Mr. Supervisor Hamnett is to be regarded as on sick leave from the 17th March 1871, and pay passed to him accordingly.

(Signed) S. BROCK,
Controller of Public Works Accounts.

No. 40. ORDER THEREON, 4th July 1871, No. 1,768.

ESTABLISHMENT, No. 7.

As the Superintending Engineer's letter of the 14th March 1871, No. C. C., which gave cover to the medical certificate granted to Mr. Hamnett, miscarried, and as on receiving a copy of that certificate, it became necessary to return it with a view to one in proper form being furnished, Mr. Hamnett should be allowed full pay until he is granted leave in due course, or until the Superintending Engineer's reports regarding him, and upon which references have been made to Major Fischer, are finally disposed of. The medical certificate which was received was informal, neither specifying where to, nor for what period, change of air was necessary for Mr. Hamnett, and as sick leave could not be granted on it it was returned to the Superintending Engineer.
