*Proceedings of the Madras Government, Public Works Department,
6th July 1871.*

No. 80. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 23rd June 1871, No. 1,273 :—

IN continuation of my endorsement No. 5,304, dated 29th March 1871, I have the honour to enclose a further report from the Assistant Engineer in charge of Chembrumbaukum Project Works, together with a certificate which accompanied it, regarding the injuries sustained by Stone-cutter Soobroya Naick, while employed in blasting on these works.

2. It will be seen from these papers that the man has permanently lost the use of one of his eyes, and has further sustained partial contraction of his right hand. Though the injury to the hand does not altogether disable the man from following his occupation, still he has been recommended for a gratuity on the ground of his having lost his eyesight.

I beg to support this recommendation, and request that you will be good enough to obtain the sanction of Government for the payment of a gratuity of Rupees 45, being three months' pay at the rate of Rupees 15 per mensem received by Soobroya Naick.

From the Assistant Engineer in charge of No. 7 Range, Chingleput District, to the Superintending Engineer, 4th Division, dated Camp at Koonnathoor, 10th June 1871, No. 36.

No. 212, dated 18th March 1871. REFERRING to the correspondence as per margin on the subject of injuries sustained by one Soobroya Naick, Stone-cutter, while blasting on those works, I have now the honour to forward a certificate from the Surgeon in charge of the General Hospital, by which you will perceive that the man has lost one of his eyes and has received other slighter injuries. May I request that you will please to forward his case for the consideration of Government. I would propose, as he has not been incapacitated from following his calling, that he should be granted a gratuity of Rupees 45, being three months' pay at Rupees 15 per month, and that, in addition, he be allowed half pay during the period of 37 days during which he was in hospital, making a total of Rupees 54-4-0.

THIS is to certify that Soobroya Naick, Stone-cutter, has lost the sight of his right eye, and has partial contraction of the right hand from the cicatrization of a burn sustained in blasting a rock. The injury to his hand does not incapacitate him from following his occupation, though the usefulness of his hand is slightly impaired, but he has lost the sight of one eye and is therefore entitled to compensation on that account.
