No. 172. ORDER THEREON, 11th July 1871, No. 1,826.

CIVIL WORKS, No. 7.

IT appears from the papers submitted by the Controller that the repairs to the sub-station house at Nakarikulla in the Kistna District were carried out on contract and paid for in 1868-69. The Range Officer's report of inspection is dated 31st March 1871, and in it he brings to notice that the pointing of the walls with chunam, and whitewashing, were not carried out. The Controller having requested the Superintendent of Police to explain why these works, if provided for in the estimate, were not executed, is informed in reply that the walls were whitewashed two days after the Range Officer inspected the building. The Range Officer's inspection took place in the current year, and no explanation is afforded of the circumstance of a portion of work which was paid for in full in 1868-69 having been delayed to be carried out by the contractor until 1871. The Superintending Engineer will obtain and submit the necessary explanation.
