*Proceedings of the Madras Government, Public Works Department,
14th July 1871.*

No. 235. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 28th June 1871, No. 1,345 :—

WITH reference to Government Order No. 128, dated 19th June 1871, I have the honour to submit two lists received from Mr. Harrington, Executive Engineer, East Coast Canal, Chingleput District, showing the Office Establishment he proposes to retain and dispense with from the 1st proximo.

Permanent Establishment. The individuals named in the margin will be relieved from duty from the above date.

Petty Establishment. 2. I would urge on the Government permission to keep on the Accountant and Goomastah until the 31st October next, as temporary establishment that will not hereafter be required, because they are the only persons intimately acquainted with the accounts of the Red Hills from the beginning ; the works there may be called exceptional, having been frequently altered and revised, it would be very inconvenient to dispense with their services until the present working season is over and the accounts up to date are made up.

FORM No. 1.

Office Establishment proposed for the amalgamated Ranges Nos. 5 and 6, Chingleput District, from 1st July 1871.

			103

RANGES Nos. 5 and 6 of the Chingleput District comprising the Eastern Coast Canal and the works at the Red Hills and Cholavaram having been amalgamated, the Superintending Engineer of the 4th Division was instructed to make the necessary reduction in office establishments.

2. The cost of these establishments has been Rupees 167 + 103 = 270 per mensem exclusive of two Goomastahs at Rupees 20 and 15 paid from the grant for Petty Establishments, making a total of Rupees 305. It is proposed to dispense from the 1st July with the draughtsman and four Lascars of No. 6 Range in addition to one of the Goomastahs belonging to the Petty Establishment. This will reduce the cost of the establishment from Rupees 305 to Rupees 227.

3. From the 1st November next it is further proposed to dispense with the services of the Accountant of No. 6 Range and the other Goomastah on the Petty Establishment. This will still further reduce the cost to Rupees 167.

4. His Excellency the Governor in Council approves of these arrangements, and as the Superintending Engineer reports that the services of the Accountant and Goomastah of No. 6 Range cannot be dispensed with till November next, there appears to be no necessity for charging their salaries meanwhile to the "temporary establishment."
