*Proceedings of the Madras Government, Public Works Department,
20th July 1871.*

No. 334. Read the following Endorsement of the Educational Department,
dated Fort St. George, 10th July 1871 :—

From the Director of Public Instruction, to the Acting Chief Secretary to
Government, dated Madras, 26th April 1871, No. 668.

I HAVE the honour to return the plan forwarded to me with Government Order,
No. 84, of the 27th ultimo.

2. I learn from Mr. Porter, to whom I sent the plan with a copy of the above
order, that he considers the proposed building will afford sufficient accommodation
for the classes of the Provincial College. In this view I concur.

3. I think it right to give here an extract from Mr. Porter's letter to me
upon the subject: "I ought to observe that the walls of the western part of the
present building cannot, in my opinion, be used as Mr. Chisholm proposes to use
them. There are several large cracks running from top to bottom, into which a
person might thrust his arm, together with numerous smaller ones. So far from
bearing any additional weight they are not particularly safe as they stand; and
two successive Executive Engineers who examined them with a view to repairs
considered them in a very doubtful state. There are appearances that show that
the foundations are not sound."

4. As directed in paragraph 2 of the Government Order, I have requested
both Mr. Porter and Doctor Hunter to have models of figures prepared.

COMMUNICATED to the Public Works Department for Mr. Chisholm's consideration.

(Signed) W. HUDLESTON,
Acting Chief Secretary

No. 335. ORDER THEREON, 20th July 1871, No. 1,910.

CIVIL WORKS, No. 23.

ORDERED that this letter be com-
municated to Mr. Chisholm for con-
sideration and report and to the

Superintending Engineer of the 6th Division, with a view to his reporting whether
the condition of the walls of the western portion of the buildings now used as a
College at Combaconum is such as to render the improvements proposed by the
Consulting Architect unadvisable, and if so what measures he would recommend
in order that Mr. Chisholm's design may be carried out.

OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,

MADRAS, 26th JUL 1871.

From

THE DIRECTOR OF PUBLIC INSTRUCTION,

Madras.

To

THE CHIEF SECRETARY TO GOVERNMENT,

Fort Saint George.

SIR,

I have the honor to return the Plan forwarded to me with Government order No. 84, of the 27th ultimo.

I learn from Mr. Porter to whom I sent the plan with a copy of the above order, that he considers the proposed building will afford sufficient accommodation for the classes of the Provincial College. In this view I concur.

I think it right to give here an extract from Mr. Porter's letter to me upon the subject. — "I ought to observe that the walls of the western part

part of the present building as well
in my opinion, be used as they think
proper to use them. There are several
large cracks running from top to
bottom into which a person might thrust
his arm, together with numerous smaller
ones. So far from bearing any additional
weight they are not particularly safe as
they stand, and the successive Executive
Engineers who examined them with a
view to repairs considered them in a very
doubtful state. There are appearances
that show that the foundations are
not sound."

As directed in para 2 of the
Government order, I have requested both
the Port and District Authorities to have
models of figures prepared:

I have the honor to be,

Sir

Your most obedient Servant,

J. M. Macle
Executive Engineer, Port of Calcutta.
