Proceedings of the Madras Government, Public Works Department,
21*st July* 1871.

Read the following papers:—

No. 352. From the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 12th June 1871, No. 824.

I HAVE the honour to forward herewith copy of a letter, No. 87, dated 27th May 1871, received from the Executive Engineer in charge Nos. 1 and 2 Ranges, Godavery, and to request you will be pleased to obtain the sanction of Government for the entertainment of two additional lascars at Rupees 5 each for the protection of the Gunnaram aqueduct and Bellampoody calingulah, and the fair distribution of water to lands in the Central Delta Range.

2. The present conservancy establishment of the range is so limited that none of them can be spared for the works in question.

3. During the last irrigation season the Bellampoody calingulah was frequently tampered with, and the supply of water was therefore diminished. This is attributable to the want of a watching establishment. The usual comparative statement of the existing and proposed conservancy establishment of the Godavery District is herewith forwarded.

No. 141.

No. 353. *Note by the Acting Chief Engineer for Irrigation.*

THE Bellampoody escape is only a short distance from Gunnaram, the head-quarters of the Central Delta, which is also the fixed station of a Delta Superintendent. It can therefore, I think, be sufficiently watched without posting a lascar specially for the duty, who, moreover, would himself require to be watched. The escape shutters can be locked. I do not understand how the Superintending Engineer would employ the lascar applied for for the protection of the Gunnaram aqueduct.

2. Any increase to the already large and costly conservancy establishment of the Godavery Delta should not be passed without most ample proof that it is absolutely necessary.

3. I therefore cannot support the application.

FORT ST. GEORGE,
5th July 1871.

(Signed) J. G. RYVES, Major, R.E.,
Acting Chief Engineer for Irrigation.

No. 354. ORDER THEREON, 21st July 1871, No. 1,920.

ESTABLISHMENT, No. 41.

THE Government concur in the opinion expressed by the Acting Chief Engineer for Irrigation in this Note, which will be communicated to the Superintending Engineer of the 1st Division.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Acting Superintending Engineer, 1st Division.
