Government of Madras.

Public Works DEPARTMENT.

G.O. No: 1130	Press Mis.
Dated 2 7 18	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
22nd July 1871.*

No. 372. Read the following Endorsement of the Public Department, dated Fort St. George, 4th July 1871 :—

From the Acting Collector and President of the Municipal Commission, Bellary, to the Chief Secretary to Government, dated Bellary, 1st July 1871, No. 58.

THE General Superintendent of Public Works Stores and Workshops on receipt of the Government Order, Public Works Department, No. 1,219, dated 2nd May last, enquired of me whether syphons would do instead of hand-pumps to empty the iron water tank, as pumps were not available. A reply was sent to the effect that syphons could be made up here. Before, however, it could reach him the General Superintendent acting upon Government Order, No. 1,281, dated 10th May, despatched the twelve syphons and now demands payment of their value, Rupees 644-12-11. Under these circumstances, I have the honour to request the permission of Government to hand over the syphons to the Commissariat Officer, who has also charge of the iron tanks.

TRANSFERRED to the Public Works Department.

(Signed) W. HUDLESTON,
Acting Chief Secretary.

No. 373. ORDER THEREON, 22nd July 1871, No. 1,930.

ACCOUNT, No. 31.

THE Government observe that application having been made by telegraph by the President of the Municipal Commission, Bellary, for the supply of hand-pumps for emptying iron tanks, and the syphons having been made up in the Public Works Stores to meet an urgent demand that there was no other means of complying with, the cost of the articles must necessarily be paid by the Municipality of Bellary, if they are to be retained for future use, as the proposal to hand them over to the Commissariat Department would seem to imply. The Government have learnt that a much smaller charge than that in the bill furnished from the Chepauk Workshop will cover the cost of material and labour actually expended, and the Bellary Municipality will be given the option of paying this reduced price, Rupees 444-7-8, for the syphons, or of returning them to the Workshop at Madras where the expenditure incurred in making them up would be adjusted at the discretion of the General Superintendent.

Date,

1st July 1871.

From,

The Acting Collector and President Municipal Commission BELLARY,
To, The Chief Secretary to Government,
Madras.

Sir,

The General Superintendent of Public Works and Workshops on receipt of the Government Order, Public Works Department No. 1219 dated 2nd May last, enquired of me whether syphons would do instead of hand pumps to empty the iron water tank, as pumps were not available. A reply was sent to the effect that syphons could be made up here. Before however it could reach from the General Superintendent acting up Government Order No. 1281 dated 10th May, despatched the twelve syphons and now demands payment of their value Rs 614. 12 11. Under these circumstances I have the honor to request the permission of Government to have the syphons to the Commisariat Officer, who has also charge of the iron tank. I have the honor to be,

Yours most Obedient Servant
