*Proceedings of the Madras Government, Public Works Department,
22nd July 1871.*

No. 384. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 15th July 1871, No. 1,080:—

ADVERTING to the Treasury Order, No. 130, dated 20th May 1871, Educational Department, for Rupees 500, in favour of the Acting Principal of the Civil Engineering College, on account of the Library allowance of that Institution for the current official year, I have the honour to represent that "Treasury Orders" are unknown in the Public Works Department, in the Budget of which department all charges in connection with the College are provided for.

2. When money is required *in advance* by the Principal for purposes specially provided for in the Public Works Budget, as noted above, the proper course is for that officer to apply to Government in the *Public Works Department* for the amount needed. On receipt of the application, Government may authorize the advance by the Executive Engineer at the Presidency, and direct the sum to be debited to "Miscellaneous Advances," the adjustment being made on the passing of the bill for actual charges incurred, when "Miscellaneous Advances" will be credited, and "Establishments" debited.

3. I would suggest that, in order to prevent confusion, and to ensure adherence to the rules in force in the Public Works Department, the course now indicated may hereafter be followed.
