To
Colonel J. Carpendale R.E.
Secretary to Govt P.W.D.

Sir,

With reference to G.O. No 190 of 27th June 1871, as regards the expenditure incurred on "Deepening Wells in the Lines of the 25th Regiment N.I. at Cannanore," I have the honor to refer you to my letter No 62 of 25th instant, in which I have specially applied for funds for this work and explaining the manner under which the work Commenced last year has been continued in the current year.

2. The Estimate for Compensation for Land taken up for the Reclamation and Water Supply Project at Cotacamund, as given in my letter printed with G.O. No 1952 of 16th August 1870, amounted to Rs fees 30,029. This included an item of Rs 4,000 payable to Mr Frend, which item however has to be revised to Rs 6948, thereby raising the Estimate from Rs 30,029 to Rs fees 32,977: vide G.O. No 791 of 16th March 1871. In the letter printed with G.O. No 2468 of 14th October 1870 the Commissioner brought to the notice of Government that the land

effected

effected a recovery from the payments then already made, of Rs 2,618-13-3 which he requested he might be allowed to spend for certain other purposes, leaving the Estimate amount the same as sanctioned. The Government however deducted this recovery from the Estimate amount leaving the Net total of the original Estimate at Rs 27,410-2-9, vide Statement in para 2 of the G.O. first quoted. The total of the Revised Estimate therefore stands reduced to Rs 30,358-2-9. The payments made to the Commissioner up to end of March 1871, exclusive of a sum of Rs 960 returned by him into the Treasury, amounted to Rs 26,048, the Current year's Budget allotment of Rs 10,000 therefore was Rs 5,659-13-3 too much, not Rs 6,928 as stated by the Controller. The Range Officer nominee paid the whole amount of Rs 10,000 during the Current year to the Commissioner by mistake, instead of only Rs 3,311. I have called upon the Range Officer for his explanation of this mistake.

3. The Commissioner informs me that he has the Excess received by him in hand, except a sum of Rs 48 which he has expended over Estimate, but that he is prepared to refund only a sum of Rs 3023, deciding a reference he has made to Government for otherwise

utilizing the balance of Rupees 2,618-13-3 which is the amount of the Recovery before alluded to.

4. I have the honor now to propose that the sum of Rupees 3,023 immediately available may be allotted to the following Works, Viz:-

1. Swamp Reclamation at Colaconnum in addition to the Budget allotment of Rs 2,200, Item No 76, Urgently required ____ Rs 400

2. Water supply project at Colaconnum in accordance with my Letter No 34 of 11th May & No 58 of 26th June 1871 ____ Rs 2623

To this work might also be added the Sum of Rupees 2,618-13-3 in the event of the Commissioner's proposal not being approved.

Sir,
