Proceedings of the Madras Government, Public Works Department, 27th July 1871.

No. 474. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Cuddalore, 21st July 1871, No. 87 :—

With reference to Proceedings of Government, No. 1,901, dated 19th July 1871, I have the honour to report that the Government Pleader at Cuddalore has been, I am informed, entertained by the plaintiffs in the suit under notice! It would appear that when the case came on some years ago, the same individual was entertained by the plaintiffs, he not being at that time the Government Pleader, but he has since been appointed to that office, and I presume there would be some difficulty in his now taking up the case of the defendants.

2. There is, I believe, one other Pleader available here, and I shall in concert with the 1st and 3rd defendants (the Executive Engineer and Collector) endeavour to obtain his services; but as the plaintiffs have engaged the services not only of the only European Counsel here, but those of some well known Madras Lawyers, it appears to me that we should act likewise, and I request the authority of Government to do so.

3. Meanwhile application will be made for an adjournment of the case, as the 1st defendant (the Executive Engineer) is new to the range and the 2nd and 3rd defendants (myself and the Collector) to the district.

No. 475. Order thereon, 27th July 1871, No. 1,977.

ESTABLISHMENT, No. 54.

The Government approve of the services of the Pleader at Cuddalore, who is reported to be available, being engaged to conduct the defence of the suit referred to; and in the event of the plaintiffs having entertained the services of a Barrister, His Excellency the Governor in Council requests the Government Pleader will proceed to Cuddalore to undertake the defence, on receiving intimation from the Superintending Engineer, who will also communicate with Mr. Handley regarding his application for an adjournment of the suit.
