ESTABLISHMENT, No. 5.

As the question of the reorganization of the Public Works Department is engaging the attention of Government, His Excellency the Governor in Council does not consider it necessary to submit a special application to the Government of India for sanction to the entertainment of the six additional lascars required consequent on the arrangements sanctioned by Government in G. O., No. 100, dated 23rd January 1871, for the supervision of the works in the Kistna Delta, and he accordingly authorizes their employment and directs that the charge be debited to savings on the grant for Temporary Establishments. Three of the lascars will only be required when an additional officer is posted to the delta, and they should not therefore be employed until then.
