TELEGRAPH, No. 4.

SIR,—I am directed to forward, for the favourable consideration of the Government of India, a letter with its accompaniment from the Superintending Engineer of the 1st Division, in which he represents the inconvenience that will result by the portion of the line of telegraph extending from Kotaree to Doomagoodiem being permanently closed to the receipt of messages regarding the rise of the river. The Director-General of Telegraphs has intimated that the length of line referred to has been transferred to the Public Works Department of the Central Provinces, and I am to express the hope of the Madras Government that arrangements for the maintenance of uninterrupted telegraphic communication may be found practicable during that portion of the year in which the river may be expected to be in flood.

I have the honour to be,
Sir,
Your most obedient servant,
(Signed) A. deC. SCOTT, Captain, R.E.,
Under Secretary to Government.
