Proceedings of the Madras Government, Public Works Department,
19th August 1871.

No. 245. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 2nd August 1871, No. 866:—

I HAVE the honour to bring to your notice that the whole of the allotment, under "Repairs Agricultural," in the Kurnool District for 1871-72 has been appropriated, and there are numerous estimates in my office which are lying over for want of funds The aggregate of these estimates is about Rupees 20,000, and I am receiving others almost every week, which, unless something speedily is done in providing funds, will also have to be kept over.

2. In the Cuddapah District there is a balance of Rupees 30,000 remaining unappropriated, and I have reason to think that of this sum Rupees 20,000 will probably be required for 1871-72; I therefore beg to suggest the transfer of the difference, Rupees 10,000, to the Kurnool District, and I would ask Government to supplement this sum by Rupees 5,000 more from the grant from any other district in the Presidency.

3. Whilst on this subject I also beg to bring to notice that, if a like amount (Rupees 5,000) is allotted to the Bellary District, the sum could be profitably laid out, as on this date there is a sum of Rupees 3,000 only available, and I am receiving estimates which, as soon as they are returned from the Collector, will have to be sanctioned.

4. As regards the Kurnool District, I may add that the great influx of estimates is from the Kurnool Range; and from want of funds I am obliged to keep over a large number of estimates received some time ago from the Nundial Range.

No. 246. ORDER THEREON, 19th August 1871, No. 2,136.

ACCOUNT, No. 26.

THE transfer of funds proposed in paragraph 2 of the foregoing letter is sanctioned.

2. The Government will be prepared to take into consideration the question of supplementing the Agricultural Repair allotment of the Kurnool and Bellary Districts when savings are reported in other divisions.

Fort Saint George.

Enclosures.

Sir,

I have the honor to bring to your notice that the whole of the allotment under "Repairs "Agricultural" in the Shimoga District for 1871-72, has been appropriated, and there are numerous estimates in my office which are lying over for want of funds. The aggregate of these estimates is about Rs 20,000 and I am receiving others almost every week, which unless something speedily

speedily is done in providing funds, will also have to be kept over.

2. In the Cuddapah District there is a balance of Rs. 30,000/- remaining un-appropriated, and I have reason to think that of this sum, Rs. 20,000/- will probably be required for 1871-72; I, therefore, beg to suggest the transfer of the difference Rs. 10,000/- to the Kurnool District, and I would ask Government to supplement this sum by Rs. 5,000/- more from the grant from any other District in the Presidency.

3. Whilst on this subject I also beg to bring to notice that if a like amount (Rs. 5,000/-) is allotted to the Bellary District, the same could be carefully laid out, as on this date there is a sum of Rs. 3,000/- only available, and I am receiving estimates, which as soon as they are returned from the Collector, will have to be sanctioned.

4. As regards the Kurnool District, I may add that the great influx of Litigants &c from the Kurnool Range, and from want of funds I am obliged to keep over a large number of estimates received some time ago from the Nundial Range.

I have the honor to be,
Sir,
Your most obt Servant.
