Dated 25 1 1871.

Proceedings of the Madras Government, Public Works Department, 25th January 1871.

No. 434. Read the following letter from the Special Executive Engineer, Wynaad, to the Secretary to Government, Public Works Department, dated Vythery, 7th January 1871, No. 5:—

With reference to G. O., No. 1,836, dated 2nd August last, I have the honour to forward an application for gratuity on behalf of Koonjee-ree, the mother of the deceased cooly Thouvaral Coonjee Mayen.

2. Great delay has occurred in this owing to the difficulty of obtaining formal information regarding the case from the Civil and Police authorities. Copies of correspondence on the subject, herewith forwarded, will explain this. It appears that the Police Station at Periah, about three miles from the ghaut, is in the Wynaad Talook, whereas the ghaut itself, the scene of the accident, is not. The Range Officer not being aware of this reported to the Police at Periah, and from the report made it seems that beyond a Station-house report, no notice was taken of the matter. I have therefore no means of affording the information laid down to be given beyond the original report of the Range Officer forwarded with my letter, No. 491, dated 14th July—*vide* G. O., No. 1,836, dated 2nd August—and the evidence given before me as shown in the Proceedings now submitted.

No. 435. Order thereon, 25th January 1871, No. 214.

ESTABLISHMENT, No. 44.

On the understanding that the proposed gratuity of Rupees 50 to the mother of the cooly who met with his death while at work on the Periah Ghaut, does not exceed the limit of six months' wages prescribed by paragraph 6, Chapter X. of the Public Works Code, His Excellency the Governor in Council sanctions its disbursement.

To

Major R. B. Kennedy
Special Executive Engineer
of Wynaad

Sir,

It is with much regret that I have to report the death of a Mopla Coolly on the Periah Ghaut which occurred in this wise.-

The deceased (named Thowarak Cooje Mayen) was engaged on the 9th instant with some others in removing the trunk of a large tree from off the road. In doing this the deceased was in the act of using a stout sapling as a lever of the 1st kind and while bearing with his whole weight on the end, the lever, owing to every thing being wet, slipped, and striking deceased on the head caused his instantaneous death. I had the casualty at once reported to the Police and also to the Deputy Collector in charge of Wynaad

The deceased has a mother and four sisters (two unmarried) said to be dependent on him.-

Sir,

In reply to your Memo: dated 19th instant, I have to state that as the death of Cooyee Mayen occurred beyond the jurisdiction of the Police authorities of Wynaad, we have no other proceeding than a simple Station House Report, stating that one Mayen Moplah was killed by an accidence, and that his body was carried down to the Cottayam Taluk The Police authorities of that taluq would be able to supply the necessary information.—
