Read the following papers :—

No. 351. From the Under Secretary to the Government of India, Public Works Department, (Establishment—Account,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 28th July 1871, No. 141 E—A :—

THE Government of India has had under consideration the manner in which Mr. Brock, Controller Public Works Accounts, Madras, has been affected in the matter of pay by the recent assimilation of the Control Establishment of the Accounts Branch to the Engineer Establishment.

2. The salary of a Controller, 1st class, under the former arrangements was fluctuating, beginning at Rupees 1,200 and rising by annual increments to Rupees 1,600 per mensem.

3. According to the present scale the salaries are not fluctuating but fixed. The 1st class appointments are arranged in two grades, the first carrying a pay of Rupees 1,600 and the second Rupees 1,350, and no annual increments are allowed.

4. Mr. Brock having unavoidably been placed in the 2nd grade can only draw the pay he was in receipt of on 1st September last until promoted to the 1st grade, whereas under the old rules he would have risen steadily to the maximum of Rupees 1,600 per mensem.

5. Under the circumstances, the Government of India considers that Mr. Brock may with propriety be exceptionally treated, and I am directed to request that he may be offered the option of rising to the maximum of Rupees 1,600 on the former incremental principle, which would involve his not getting that sum at once in the event of his promotion to the 1st grade, or of continuing until promotion to draw only the pay he was drawing immediately before the introduction of the present scale, and not getting the full pay of 1,600 until promoted to the higher grade.

REFERRED to the Controller, who will notify his election.

Under Secretary to Government.
