ACCOUNT:

To The Secretary to the Government of Madras,
Public Works Department.
Trivellore, 7th August 1871.

Sir,
I am directed to acknowledge receipt of
your letter No. 1730 dated 28th June 1871, requesting sanction
to the probable unexpended balance of Rs 50,000 of
the grant for the Telegraph Office at Madras being
applied to augment the grant for Minor Works,
Agricultural, and in reply to state that as the office
at Madras is a work which is urgently required,
no portion of the grant, which can be spent
upon it, should be transferred for other purposes.

2 If however on account of inability to
spend the full amount, a portion of the grant
is available for other works, such portion should
be transferred to other Telegraph Works elsewhere,
which the Director General of the Department
may

may consider to be most urgently required, his demands for buildings for the current official year not having been complied with in full.

3. I am to add that assignments made to the Telegraph, Postal, or other special departments should be considered special allotments not available for transfer to other purposes.

4. The small amount of Rs 700 required for the cable house at Pamban should be met from the imperial grant of Rs 10,000 assigned under the head Civil Buildings for Minor Works.

I have the honor to be,
Sir,
Your most obedt. servt.,
