MADRAS RECORD OFFICE.

Government of Madras.

Public DEPARTMENT.

G.O. No. 2237	Press Mis.
1526	
Dated /	18 //.

Not to be folded or roughly handled

No. 25. Read the following letter from the Acting Collector of Malabar, to the Secretary to Government, Public Works Department, dated Calicut, 11th August 1871, No. 63:—

I HAVE the honour to submit, for sanction of Government, revised plan and estimate for the Hospital proposed to be built at Vythery. In G. O., dated 4th October 1867, No. 1,224, an estimate for Rupees 7,000 was sanctioned. The present revised estimate amounts to Rupees 8,750.

2. I submit extract from Major Kennedy's letter, dated 3rd July 1871, No. 336, on the subject, from which it will be observed that the subscriptions having amounted to Rupees 3,708, the amount that Government have to provide is Rupees 5,042, of which Rupees 1,350 are required for the Police wards alone, or Rupees 1,042 in excess of the provision already made in the Public Works Budget of 1871-72.

From the Special Executive Engineer, Wynaad, to the Collector of Malabar, dated Luckadie, 3rd July 1871, No. 336.

I BEG to forward a revised estimate for the Vythery Hospital, amounting to Rupees 8,750.

2. The total private contribution realized up to date is Rupees 3,593-4-0, subscriptions not yet paid up, but which I can guarantee, amount to Rupees 115-8-0, making a total of Rupees 3,708-12-0. I find that the allotment of Rupees 1,000 for a Police ward will not cover the actual cost of the extra work entailed, which for the bare ward and bath-room attached comes to Rupees 1,350, that is to say by leaving out the Police ward the building can be completed for Rupees 7,400. I think, therefore, it is only fair that the Police contribution should be increased from Rs. 1,000 to Rupees 1,350, the general accommodation, namely, cook-room, privy, etc., being thrown in. I presume also that, in accordance with usual custom, the grant-in-aid will be made equivalent to the private contribution which, in round numbers, is Rupees 3,700. These arrangements will provide the full sum required, namely:—

	RS.
Private contribution	3,700
Grant-in-aid	3,700
Police contribution	1,350
	8,750

3. The allotments for the current year are—

Grant-in-aid	3,000
Police contribution	1,000
	4,000

the balance asked under each of the above need not be provided during the current official year.

4. I have no doubt that if two or three hundred rupees more are required for either furniture or other purposes subscriptions would be forthcoming.

No. 26. ORDER THEREON, 2nd September 1871, No. 2,239.

CIVIL WORKS, No. 3.

IN G. O., No. 1,224, dated 4th October 1867, the Government in the Public Department accorded their general approval to a plan and estimate for constructing a Hospital and Dispensary at

Vythery in the Wynaad, on the condition that, after allowing for certain alterations recommended by the Inspector-General, Indian Medical Department, the cost of the building should not exceed Rupees 7,000, of which Rupees 4,000 were promised to be contributed by Government, the balance of Rupees 3,000 being defrayed from private subscriptions.

2. The Acting Collector of Malabar now submits a revised plan and estimate for the work, amounting to Rupees 8,750, of which private subscriptions to the extent of Rupees 3,708 may, it is stated, be expected, Rupees 3,593 having been already paid, leaving the Government to contribute Rupees 5,042. Of this amount Rupees 1,350 are debitable to the Police Budget.

3. Looking to the urgent necessity for the speedy erection of the building and to the liberality and ready co-operation evinced by the residents, in connection with the establishment of this useful institution, the Government resolve to accord their sanction to the larger estimate and to direct the immediate commencement of the work as soon as the full amount of private subscriptions has been realized and paid into the treasury in accordance with the rules.

4. The Provincial Budget contains a provision of Rupees 3,000 and the order marginally noted sanctions an additional allotment of Rupees 1,000, forming a sum which the Executive Engineer considers to be sufficient for the requirements of the current year, and Major Kennedy and the Inspector-General of Police will be requested to include the balances* required to complete the work in their statements of demands for the ensuing year.

G. O., No. 1,613, dated 16th June 1871.
