No. 44. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Goodibundah, Madakseerah Talook, Bellary District, 12th August 1871, No. 923:—

With reference to G. O., No. 141, dated 22nd April 1870, (Miscellaneous,) communicating the orders of Government in the Revenue Department regarding the employment of Local Fund Overseers on Imperial Works, I have the honour to submit the following for the consideration of Government, and to request their orders as I find those orders do not clearly meet the present case.

2. Mr. Wade, Talook Overseer of Pullumpett, in the Cuddapah District, proceeded on one month's privilege leave on the 1st July 1871, and before the expiry of this leave submitted a medical certificate for three months' *sick* leave, but pending further reference this latter description of leave (which will also include the former, and which will have to be commuted to sick leave,) has not yet been granted. During Mr. Wade's absence the Local Fund Overseer has had charge of the *whole* of the works of the talook, and as it must be manifest that he must be continuously travelling about and for which purpose has to maintain suitable equipage, I request to know if, under the circumstances, the Local Fund Overseer may be granted double horse allowance or travelling allowance, whichever he is entitled to under the rules, for the period he is in charge of the talook.

No. 45. Order thereon, 4th September 1871, No. 2,250.

ESTABLISHMENT, No. 5.

Under the circumstances explained in this letter the Government authorize the Controller of Public Works Accounts to pass to the Local Fund Overseer in temporary charge of the Pullumpett Talook of the Cuddapah District the travelling allowance of an Overseer on the Imperial Establishment, during the time that he may be employed on his present duties, Imperial Funds should be debited with only so much of the allowance as may be in excess of the amount chargeable to Local Funds.
