No. 113. Read the following Endorsement of the Under-Secretary to Government, for Acting Chief Engineer for Irrigation, dated Fort St. George, 15th August 1871, No. 64:—

From the Agent and Manager of the Madras Irrigation and Canal Company, to the Acting Chief Engineer for Irrigation, dated Madras, 14th August 1871, No. 349.

I HAVE the honour to request that you will obtain sanction for the disbursement of a sum of money not exceeding Rupees 1,000 as the extra expenditure in connection with the forthcoming stock-taking.

2. The expenditure will include pay for extra hours to the writers and workmen employed (the employés will be engaged from day-light till dark), and the cost of arranging and thoroughly cleaning such articles (as machinery) as require extra attention.

3. As under forthcoming arrangements we shall no longer have the means of giving daily attention to the stores, it is most desirable that all the articles, machinery especially, should be put in such a condition as will secure them from injury by atmospheric action and from the loss of detached portions, and to avoid the last-named contingency, I propose to have all the articles of machinery fixed in place.

SUBMITTED to Government with a recommendation that sanction be given as requested to the expenditure of Rupees 1,000 as proposed by the Agent, provided the balance of unexpended capital is sufficient to meet the charge.
