Proceedings of the Madras Government, Public Works Department,
19th September 1871.

No. 296. Read the following endorsement of the Secretary to Government, Revenue Department, dated 5th September 1871 —

Proceedings of the Board of Revenue, dated 29th August 1871, No. 3,718.

From the Sub-Collector, to the Acting Collector of the Kistna District, dated Guntoor, 8th July 1871, No. 194.

During last Fusly the tank and supply channel of Murukondapad in the talook of Bapatla breached from floods, and the villagers thereof, joined by those of Jammalapalem and Mulapallem, who were also interested in the tank and channel, repaired the damage, as an emergency, at a cost of Rupees 211-1-0. On applying to the Department of Public Works for reimbursement of their expenditure, they were informed that their request could not be acceded to, as the work had not been estimated for, nor executed by the department. As emergencies do not admit of estimates, and the delay in obtaining the execution of the work on a regular estimate would have entailed heavy loss to the ryots and to Government, I have the honour to request that you will be pleased to obtain the sanction of Government to the refund to the ryots of such amount as examination by the Department of Public Works of the work claimed for may show them to be entitled to.

2. The Arzi No. 1,421, dated 30th July 1871, of the Tahsildar, and its enclosures, bringing the matter to notice, are forwarded for your information.

No. 2,340.
