Proceedings of the Madras Government, Public Works Department, 22nd September 1871.

Read the following papers:—

No. 364. Endorsement of the Superintending Engineer, 5th Division, dated Camp at Bowangherry, 15th July 1871, No. 83.

From the Executive Engineer, Bangalore, to the Superintending Engineer, 5th Division, dated Bangalore, 11th July 1871, No. 331.

As the works at Mercara are to be in future executed by the Mysore Department Public Works, I beg to submit that the sanction of Government be obtained to those at Mysore and French Rocks also being similarly handed over by this department to the Mysore Department Public Works.

2. By the annexed letter it will be seen that the Chief Commissioner of Mysore sees no objection to this proposal.

From Major W. R. JOHNSON, Officiating Secretary to the Chief Commissioner of Mysore, Public Works Department, to the Executive Engineer, Bangalore, dated Bangalore, 7th July 1871, No. 3,115.

In reply to your No. 305, of the 3rd instant, requesting that all works at Mysore and French Rocks belonging to the Government of Madras may be taken charge by this department, I have the honour, by desire of the Chief Commissioner, to inform you that there is no objection to the measure, but that it seems to him that it cannot be put into execution except on the requisition or under the authority of the Madras Government.

Submitted, in original, for the orders of Government.

2. The Superintending Engineer had not heard that the works at Mercara were in future to be executed by the Mysore Department Public Works; but if it should be the case, it is only reasonable that the works at Mysore and the French Rocks should be similarly handed over to that department, the Commissioner of Mysore offering no objection on his part to the measure.

(Signed) A. BOILEAU, Colonel, R.E.,
Superintending Engineer, 5th Division.

No. 365. From Major W. R. JOHNSON, Officiating Secretary to the Chief Commissioner for the affairs of Coorg, Public Works Department, to the Secretary to the Government of Madras, Public Works Department, dated Bangalore, 19th July 1871, No. 3,263.

With reference to your No. 238, dated 9th March 1871, I have the honour, by desire of the Chief Commissioner of Coorg, to submit, for the approval of His Excellency the Governor in Council, the following proposals regarding the transfer of the Military buildings at Mercara to the charge of Coorg Public Works Department.

2. The Executive Engineer, Coorg, will be directed to submit his Budget for the Military Works in Coorg in time for the approval of the Madras Government thereto being obtained prior to the submission to the Government of India of the Coorg Public Works Budget.

3. The allotment sanctioned by the Madras Government for the above works will be included as supplementary allotments in the Coorg Public Works Budget.

4. The authority to sanction expenditure either for Original Works or Repairs up to the amount allotted as above by the Madras Government to be transferred to the Chief Commissioner of Coorg.

5. Funds for the above works to be drawn from the Coorg Treasury on credit orders to be issued by the Deputy Accountant-General, Mysore, in the same manner as is already done in the case of Civil Works in Coorg; the sums so drawn for Military Works being debited, as heretofore, to the Madras Government, Military Department.

6. The Military authorities to be directed to submit their applications for original works or repairs in future to the Executive Engineer, Coorg, or to the Chief Commissioner, Coorg, in time to allow of the works being included in the annual Budget.

7. The demand for funds for new works will, of course, depend on the requirements of the Military authorities; the average expenditure on repairs for the last six years appears to have been Rupees 1,636. I am directed to inquire what sum is available for expenditure during the current year under the heads of Original and Repairs.

No. 366. From the Officiating Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Cuddalore, 18th August 1871, No. 111.

With reference to your memorandum No. 221, of the 28th July 1871, I have the honour to state that a sum of Rupees 1,086* has been appropriated and is available for expenditure on the Military buildings at Mercara during the current official year.
