Proceedings of the Madras Government, Public Works Department, 23rd September 1871.

No. 401. Read the following Endorsement of the Public Department, dated Ootacamund, 16th September 1871:—

From the Government Astronomer and Meteorological Superintendent, to the Chief Secretary to Government, Ootacamund, dated Madras Observatory 13th September 1871.

I HAVE the honour to request leave to avail myself, in future, of the aid of the Government Lithographic Press at Chepauk for the preparation of such forms, Astronomical or Meteorological, as I have hitherto been in the habit of getting done by a private lithographer in Madras. The person hitherto employed has so completely failed me upon all occasions for the last few years, that it is useless to attempt further dealings with him, and hence my reason for the above request.

2. The pamphlet upon the approaching eclipse of December next, under preparation by C. Ragoonatha Charry, First Assistant in the Observatory, of which Government has kindly consented to take 300 copies, if ready by October 1st, requires to be illustrated by a few plates, without which it cannot be of much use. In any case I fear the work cannot be ready for delivery much earlier than November 1st, and unless the few plates referred to may be done at once at the Government Lithographic Press, it is scarcely probable that it can be got ready before the occurrence of the event of which it treats.

REFERRED to the Department of Public Works for disposal.

(Signed) R. S. ELLIS,
Chief Secretary.

No. 402. ORDER THEREON, 23rd September 1871, No. 2,435.

ESTABLISHMENT, No. 50.

HIS Excellency the Governor in Council authorizes the Government Astronomer to avail himself of the aid of the Government Lithographic Press for illustrating the pamphlet to be published upon the approaching eclipse, and for the preparation of such Astronomical or Meteorological forms as may hereafter be required.

(True Extract.)

(Signed) A. deC. SCOTT, Captain, R.E.,
Under Secretary to Government

To the Government Astronomer.
,, Public Department.
,, Government Lithographic Department.

Exd. S. T. Augustin.

Madras Observatory, 13th September 1871.

From

N. R. Pogson, Esq.,
Government Astronomer and Meteorological Superintendent.

To

The Honorable R. S. Ellis C.B
Chief Secretary to Government,
Ootacamund.

Sir,

I have the honor to request leave to avail myself in future of the aid of the Government Lithographic Press at Chepauk, for the preparation of such forms, astronomical or meteorological, as I have hitherto been in the habit of getting done by a private lithographer in Madras.— The person hitherto employed has so completely failed me upon all occasions for the last few years, that it is useless to attempt further dealings with him, and hence my reason for the above request.—

2.— The pamphlet upon the approaching Eclipse of December next, under preparation by C. Ragoonatha Charry, First Assistant in the Observatory, of which Government has kindly consented to take 300 copies, if ready by October 1st, requires to be illustrated by a few plates, without which it cannot be of much use.— In any case I fear the work cannot be ready for delivery much earlier than November 1st, and unless the few plates are at once at the Government Lithographic Press, it is scarcely probable that it can be got ready before the occurrence of the event of which it treats.—

I have the honor to be
Sir,
Your most obedient servant

Madras Observatory, 13th September 1871.

From

N. R. Pogson, Esq.,
Government Astronomer and Meteorological Superintendent.

To

The Honorable R. S. Ellis C.B
Chief Secretary to Government,
Ootacamund.

Sir,

I have the honor to request leave to avail myself in future of the aid of the Government Lithographic Press at Chepauk, for the preparation of such forms, astronomical or meteorological, as I have hitherto been in the habit of getting done by a private lithographer in Madras.— The person hitherto employed has so completely failed me upon all occasions for the last few years, that it is useless to attempt further dealings with him, and hence my reason for the above request.—

2.— The pamphlet upon the approaching Eclipse of December next, under preparation by C. Ragoonatha Charry, First Assistant in the Observatory, of which Government kindly consented to take 300 copies, if ready by October, will be illustrated by a few plates, without which it will be of little use.— In any case I fear the work cannot be ready much earlier than November 1st and unless the few pages of text can be printed once at the Government Lithographic Press, it is doubtful that it can be got ready before the occurrence of the Eclipse it treats.—

I have the honor to be,
Sir,
Your
