Half-yearly Accounts of Guaranteed Railways, Steam-boat service.

Public Works Department Resolution No. 227—33A.—R., dated 21st March 1871.

RESOLUTION.—The form of Abstracts F. and J. of the prescribed half-yearly accounts showing the earnings and expenditure on account of steam-boat service has been shown to be insufficient for the transactions of an extensive service; and it appears therefore desirable, while maintaining the general form and the main heads of account, to amplify slightly the number of sub-heads, so that one form of account may serve for the steam-boat services of all lines, whether large or small. The revised forms attached to this Resolution should, therefore, be henceforth followed in the place of Abstracts F. and J. of the forms attached to Resolution No. 227-33A.—R., dated 21st March 1871.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Governments and Administrations named in the margin, for information and guidance.
