Proceedings of the Madras Government, Public Works Department, 23rd September 1871.

No. 405. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 28th August 1871, No. 477 :—

With reference to G. O., No. 2,132, dated the 19th August 1871, directing to state under what special authority the excess expenditure on the roads marginally noted incurred in 1870-71 was permitted, I have the honour to solicit the attention of Government to the orders marginally noted, from which it will be observed that the excess expenditure on these and other Local Fund roads in 1870-71 represented outlay on masonry works over irrigation channels crossing the roads, a moiety of which was to be provided for from Imperial Funds under G. O., No. 1,378, dated the 27th April 1869, and that the Government have, on these excesses being reported, directed the same to be charged to Local Funds in G. O., No. 682, dated 8th March 1871.

CIVIL WORKS, No. 23.

His Excellency the Governor in Council observes that the Orders of Government quoted by the Superintending Engineer of the 6th Division conveyed no authority for the continuance of expenditure on the Local Fund roads noted in the margin after the allotments for the works had been fully worked out, and the excesses of Rupees 1,602 and Rupees 2,253 appearing against them must consequently be considered irregular and unauthorized. G. O., No. 682, 8th March 1871, clearly related to expenditure previously incurred.

2. In the event of excesses of this nature again coming under the notice of Government, His Excellency the Governor in Council will be compelled to take into his serious consideration the question of the pecuniary liability of the officers concerned.
