Dated 28 8 1871.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
28th September 1871.

No. 478. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 11th September 1871, No. 1,844:—

In forwarding herewith the accompanying estimates, amounting to Rupees 3,920, for constructing sluices in the banks of tanks in the Ellore Talook, I have the honour to inform you that out of the current year's allotment* under the head Minor New Works "Agricultural" of the Godavery District, Rupees 5,135 have already been appropriated for works the estimates for which have been duly sanctioned, and the balance now available is Rupees 865.

* Rupees 6,000.

2. As this sum is not sufficient to meet the demand in question, I request you will be so good as to move Government to supplement the grant of the Godavery District under Minor New Works "Agricultural" by Rupees 4,000 by transfers from other divisions, thus making up the total allotment for the year to Rupees 10,000.

3. In the event of the amount applied for not being available, I request that permission of Government may be obtained for me to proceed with the works from the grant for Repairs "Agricultural" to be adjusted by recovery hereafter.

No. 479. Order thereon, 28th September 1871, No. 2,474.

IRRIGATION, No. 30.

The Government are unable at present to supplement the grant of the Godavery District under Minor New Works, Agricultural, but will endeavour to do so later in the year should savings be reported elsewhere.

2. The Government are unable to reconcile the proposal in paragraph 3 for advancing funds for new works from the repair grant of the division with the Superintending Engineer's application to Government of the 5th September 1871 for an additional allotment of Rupees 50,000 under Repairs, on the ground that the "small available balance of the grant will not be sufficient to meet the requirements of Range Officers."

† Letter No. 1,815.

3. The Government cannot, however, apart from this consideration, accede to Major Fischer's proposal to make a transfer from "Repairs" to "Original Works."

Proceedings of the Madras Government.

Read the following

From
The Ag. Supg: Engineer
1st Division
(No 1844 dated 11 Septr 1871)

The Government are unable at present to supplement the grant of the Godavery District under Minor New Works "Agricultural" but will endeavour to do so later in the year should savings be reported elsewhere.

The Government are unable to reconcile the proposal in paragraph 3 for advancing funds

funds for new works
from the repair grant
of the Division with
the Supt Engineer's
application to Govt
of the 5th September 1871
for an additional allot-
ment of Rs 50,000 under
Repairs, on the ground
that the small avai-
lable balance of the
grant will not be
sufficient to meet the
requirements of Range
officers.

The Government
cannot however apart
from this consideration,
accede to Major Fischer's
proposal to make a
transfer

× Letter dtd 1815

transfer from "Repairs"
to "Original Works"
