Proceedings of the Madras Government, Public Works Department, 27th January 1871.

No. 504. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department dated Madras, 14th January 1871, No. 4,164:—

WITH reference to the Proceedings of Government, No. 2,683, dated 9th, November 1870, I have the honour to submit for sanction the two estimates for the annual maintenance grants as per margin in No. 4 Range, Chingleput District.

Maintaining the road from Cheyaur to Chotoopaukum and Wandiwash, Rupees 2,175.
Do. the Salt Boat Channel at Cheyaur, Rupees 1,000.

2. The present grant for the first work is Rupees 800 for the first 16 miles out of the total length of 21¾ miles. The road having been since completed and gravelled it becomes necessary that an increased grant of Rupees 2,175, at 100 Rupees per mile, should be sanctioned for maintaining the road in a condition suitable for traffic.

3. The Range Officer reports there has been no traffic return kept on the road, but, from the information he got from the Salt Superintendent, he states that we can take an average number of between thirty and forty carts daily.

4. The boat channel at Cheyaur, which has been completed to the extent of about four miles, for which there is no maintenance grant at present, requires a grant of Rupees 1,000, as per accompanying estimate, from the year 1871-72.

5. These two sums are entered in the printed Budget of 1871-72.

No. 505. ORDER THEREON, 27th January 1871, No. 251.

2 estimates

Sir,

With reference to the Proceedings of Government No. 2683 dated 9th November 1870. I have the honor to submit for sanction the two estimates for the annual maintenance Grants as per margin in No. 4 Range Chingleput District.

Maintaining the road from Cheyaur to Chootoopaukum and Wandiwash	Rs 2175
Do the Salt-boat Channel at Cheyaur	1000

2 The present grant for the first work is Rupees 800 for the first 16 miles out of the total length of 21 3/4 miles. The road having been since completed and gravelled, it becomes necessary that an increased grant of Rupees 2175 at 100 Rs per mile

should

should be sanctioned for maintaining the road in a condition suitable for traffic.

3 The Range Officer reports that there has been no traffic return kept on the road, but from the information he got from the Salt Superintendent he states, that we can take an average number of between 30 and 40 carts daily.

4 The Boat Channel at Ashtamor which has been completed to the extent of about 4 miles for which there is no maintenance grant at present requires a grant of Rs 1000, as per accompanying estimate from the year 1871-72.

5 These two sums are entered in the Printed Budget of 1871-72

I have the honor to be.
