No. 251. Read the following letter from the Acting Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Wellington, 4th October 1871, No. 137 :—

With reference to G. O., No. 2,472, of 28th September 1871, I have the honour to solicit the sanction of Government to the following transfer to enable me to provide and allot the funds required under head "Tools and Plant":—

Rupees 590 from Malabar to Neilgherry District.

And I take this opportunity of further requesting permission of Government to the transfers, under the same head, noted below which can, it is reported by the Range Officers, be spared in Malabar to enable me to allot funds under this head much required in Canara and Neilgherry :—

Rupees 600 from Malabar to Canara District.
Do. 300 do. do. to Neilgherry do.

No. 252. Order thereon, 16th October 1871, No. 2,628.

ACCOUNT, No. 24.

The Government observe that the Imperial allotment under Ordinary in the Malabar District for charges to be incurred in India on account of Tools and Plant amounts only to Rupees 370,* while the proposals contained in this letter involve transfers from the district to the extent of Rupees 1,490. The Superintending Engineer of the 7th Division will state whether the difference is due to the Local Fund allotment being taken into account under the arrangement contemplated by the orders of the 5th September 1871, No. 2,257 ; if so, care should be taken that appropriations from the aggregate grant are made with due regard to the expenditure likely to be incurred on *works*, and that the sum finally debitable to Imperial funds does not exceed the sanctioned grant under that head.
