To,

S. D.s

Sir,

In reply to your letter No. 118 of the 9.th Instt. I have the honor to state that the plan and Estimate which accompanied my letter No. 51 of 12.th August, relate to the suitor's shed. It was raised in 1828 and since used by suitors and witnesses appearing both before this and the late Assistant Judge's Court now occupied by the Additional Principal Sudr Ameen. As, however, it was in a decaying state, the Assistant Engineer was requested to undertake the repairs, and I took the opportunity to suggest to that the shed erected about 43 years ago, in proportion to the then requirements, may be now rendered, and fitted up for the accommodation of the present large number of suitors and witnesses, of the Courts, who for want of

space in the shed, seek shelter in the rooms occupied by the Court Establishments and, when their access thereto is prohibited as objectionable, are compelled to stand out in rain and sun or remain in private houses at a distance from the Court to great inconvenience and interruption to judicial investigations.

I beg, therefore, to request that you will be good enough to obtain the necessary sanction and instruct the Officer in charge of Mangalore Range to commence the work as soon as possible.

I have &c. &c.
