No. 529. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 11th January 1871, No. 3,461 :—

Copy of letter, No. 470, dated 4th January 1871, from Executive Engineer No. 1 Range, Godavery.

THE Controller of Public Works Accounts having disallowed the claim to half travelling allowance made on behalf of Mr. Larminie, Assistant Engineer attached to No. 1 Range, Godavery, under Clause IV., Section I. of the Travelling Allowance Rules, I have the honour, in forwarding the accompanying copy of letter, received from the Executive Engineer of the above range, to bring to the notice of Government that Mr. Larminie has charge of the Cocanada Canal, on which new locks are now being constructed. He has necessarily to keep up carriage for his tent (a boat with crew), besides a horse to enable him to visit his works. His duties are such as not to oblige him to travel more than ten miles each day either way; but as he has, notwithstanding, to keep up the necessary carriage, etc., for travelling, I request that sanction may be accorded to the Controller for passing half travelling allowance to Mr. Larminie whilst employed on these works. He has been placed specially in charge of them to enable him to acquire a good knowledge of the manner of executing large works in this country.

No. 530. ORDER THEREON, 30th January 1871, No. 265.

ESTABLISHMENT, No. 55.

UNDER the circumstances brought to notice in these papers the Government authorize the Controller of Public Works Accounts to pass to Mr. Larminie, as a special case, half travelling allowance while employed on his present duties.
