Penneacondah	Rookucherla	Submitted in July 1869.
Do	Roddum	The papers referring to these projects are in this office. Copies of all plans have been taken with the aid of two temporary Draftsmen, whose services were dispensed with as no provision was made for their employment in 1870-71 and in 1871-72. Present establishment cannot go on with the checking &c. of Estimates, as the current work is heavy.

Do	Potalcoontah.	Mr Superintendent Watkins reports that it has been

Range in which situated	Projects	Remarks
Pennaicondah	Polalcoontah (continued)	been found necessary to take some fresh transverse sections of line of proposed Canal. His attention will be called to this matter immediately on disposal.
Pondrapah	Suggary Gajaral Cunnaal	The work done by the temporary Surveyors is incomplete, and these men falling sick had to be discharged. If nothing occurs to prevent it, I propose deputing Mr. Supervisor O'Leary so soon as he is available, which will most probably be after Mr. Assistant Engineer Montserrat returns to duty from the 3 months' privilege leave which he has applied for.
Poddaloor	Suggle-air	Out-door work completed. The papers would have ere this been before Government, but unfortunately Mr. Supervisor Lewis fell sick, and I have just now no one available for the work.
Meedanapilly	Kundacoor- and investigation of the Pampagny river	Mr. Assistant Engineer Brickwell who was engaged on these projects reported sick and has obtained 2 months' leave. On his return the matter of completing the investigation without further delay will be urged upon him.
Cunlum	Suggle-air	Lieut. Taylor who took an interest in this project is on furlough to Europe. The Range is always poorly officered owing to sickness preventing continued exertion. At present I have no competent person to take up the work.
