MADRAS RECORD OFFICE.

Government of Madras.

Public works **DEPARTMENT.**

G.O. No. 2843	Press / Mis.-
165-66	
Dated 9 11	1871.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 9th November 1871.

No. 165. Read the following letter from the Officiating Deputy Secretary to the Government of India, Public Works Department, (Buildings and Roads—Military,) to the Secretaries to the Governments of Madras, Bombay, Bengal, the North-Western Provinces, and the Punjab, in the Public Works Department; the Chief Commissioners of Oudh, the Central Provinces, and British Burmah; the Resident at Hyderabad; and the Agents of the Governor-General for Central India and Rajpootana, dated Simla, 9th October 1871, Nos. 1,290—1,300 B.M:—

THE Governor-General in Council has recently had before him a case in which certain works given out on contract had to be stopped before completion. The contract was drawn up according to the form laid down in the Public Works Code (Form 112); and, as there is no clause or condition in that form permitting Government to stop a work whenever it may be found necessary to do so, large compensation had to be paid to the contractor.

2. With reference to the case noticed above, the Governor-General in Council desires to be furnished with an expression of the opinion of His Excellency the Governor in Council as to the advisability or otherwise of inserting a clause in contract bonds giving the Government power to stop work when it desires to do so, paying only the value of materials actually at site according to schedule rates. His Excellency in Council would also desire to receive an opinion as to the details or wording of the clause, and as to the effect such a clause would have in regard to the rates at which contractors would tender for the work, whether it would be likely to lead them to tender at higher rates than they otherwise would do, or not.

No. 166. ORDER THEREON, 9th November 1871, No. 2,843.

ESTABLISHMENT, No. 21.

COMMUNICATED to the Superintending Engineers for an expression of their views on the several points noticed by the Government of India.

2. The form of contract bond referred to is that circulated for adoption with G. O., No. 245, dated 27th January 1869.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To Superintending Engineers.
To the Special Executive Engineer, Wynaad.
