Dated 29th September 1871

Rec'd 30th Sept. 1871

Pending further orders, you are directed to proceed to Madras Daily and to dispose of the following work. —

II. Find out the detailed measurements of all works executed by you during the time you have been in charge the Daily. It is observed that the Station Books for many months are without detailed measurements and those

supplied for three months are only given in Cubic yards in very many instances: It is observed that all measurements should be in Cubic yards.—

III. Fresh Estimate arrangements for supplying ~~in remainder~~ similar to that called for in this Offices Cir. No. 12 of 6th May 1871. Copies of which are forwarded for all Tanks & Channels in your Taluq as shewn in the Irrigation Register. It is observed that you have sent in some notes already but very many of them dont give the information required.—

IV. Frame Estimates for the repairs of any Tanks and Channels in the Taluq that require repair. In framing Estimates for tank bunds a Longitudinal Section must be taken &c. Estimates and Plans of minor new works, Irrigation should also be submitted. All Estimates must provide for every thing required to a work.—
