No. 337. ORDER THEREON, 18th November 1871, No. 2,923.

ESTABLISHMENT, No. 38.

As Mr. Assistant Engineer Gilby will be solely employed on survey duties the Government do not consider the entertainment of a writer necessary. Any scriptory aid that may me absolutely required should be afforded by the Range Establishment of the Bellary Range. The cost of the remaining establishment, amounting to Rupees 120, is sanctioned as charge against "Minor Works."

2. The Government do not however consider that in the present state of the Engineer Establishment in the 3rd Division it will be found advantageous to continue Mr. Assistant Engineer Gilby on survey duty for the lengthened period of six months, but that, looking to the urgent demand for officers for charge of ranges, it would be preferable to afford him an opportunity of becoming familiar with the departmental system of accounts and formal range duties in view to his early appointment to charge of a range.
