No. 340. Read the following letter from the Deputy Secretary to the Government of India, Public Works Department, (Irrigation,) to the Acting Joint Secretary to the Government of Madras, Public Works Department, Irrigation Branch, dated Simla, 2nd August 1871, No. 367-I :—

2. With reference to paragraph 10 of the Note by the Chief Engneer, I am to remark that His Excellency considers it desirable that the extension of the Nursapoor Canal to Mogultoor should not be deferred, but undertaken at once.

3. With regard to the proposal to postpone, for the present, the connection of the Attilli Canal with the other navigable canals, I am to add that, although there may be no apparent immediate necessity for making this connection, yet it seems very undesirable to leave this canal isolated from the rest, and, therefore, the matter should not be lost sight of.

4. This sanction, debitable to loan funds, has been registered as No. 49-I. of 1871-72, and cancels that accorded to the original estimate for restoring navigation with the Weyairu in letter No. 40-I. of the 7th February last.

5. The plans and estimates received with the letters under reply are herewith returned.
