*Proceedings of the Madras Government, Public Works Department,
20th November 1871.*

No. 367. Read the following letter from the Deputy Secretary to the Government of India, Public Works Department, (Account—General,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 23rd October 1871, No. 723-A. G :—

I AM directed to acknowledge receipt of your letter No. 2,470, dated 27th September 1871, and in reply to suggest that the Secretary of State may be addressed by the Government of Madras as to the probable expenditure in England during 1872-73 on stores for the Madras Public Works Department, as, until precise particulars are available, it would be inexpedient to permit of any portion of the provision made for expenditure in England being diverted for expenditure in India.

2. If on enquiry it is found that the outlay in England during 1872-73 will not exceed Rupees 52,300, the Government of India will have no objection to the balance of the Budget provision for Tools and Plant being spent in India.

regarding the amount to
be provided during the
current official year
to meet the cost of stores
expected from England.
The estimate for those
stores for 1871/72 amounts
to Rs 82,300, and to
meet this expenditure
Rs 52,300 have been
allotted from Imperial
Funds and Rs 30,000
from the grant for
Provincial Services.
Looking however to
the improbability of
the supply exceeding
the sum of Rs 52,300
allotted from the
Imperial grant, and
to the present state of
the Provincial grant

being such as to preclude
any appropriation
being made from that
source for the purchase
in the local market
of such tools as may be
required for use on
Provincial work &c,
this Govt requested
permission to with-
draw the sum of
Rs 30,000 provided
in the Provincial
Budget on account of
English stores. The
Govt of India are not
disposed to accede to
this proposal until
it has been ascer-
tained that the
outlay in England
will not exceed
