Proceedings of the Madras Government, Public Works Department, 21st November 1871.

No. 382. Read the following letter from the Acting Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 31st October 1871, No. 473 :—

With reference to G. O., No. 2,715, of the 26th October 1871, I have the honour to report that Mr. Elwin, the Agent and Manager of the Madras Railway, with Mr. Church, the Traffic Manager, attended a Meeting this day at my office to discuss the question of a composition payment for non-service banghy parcels, with Mr. Hogg, Director-General of the Post Offices of India, and Colonel Pears, Post Master General, Madras.

The following is a note of the Proceedings:—

The Agent and Manager is not prepared to enter into any arrangement for a composition payment without the orders of the Board of Directors.

He objects to non-service banghy parcels being included under the head "Mails," so as to be carried free of charge under clause 19 of the Contract. He considers that as the Government have paid 4 pies for years past, there is no reason why the rate should now be changed to 2 pies, inasmuch as banghy parcel's rates have no connection with passenger's luggage rates.

The Agent and Manager will forward the Government Order No. 2,715, of 26th October, to the Board of Directors for their consideration without delay.

No. 383. Order thereon, 21st November 1871, No. 2,946.

RAILWAY, No. 47.

Ordered that this letter be forwarded to the Government of India.

(True Extract.)
