Remarks on the present state of Bezwada Post Office

Several of the palmyra rafters are much decayed and require removing Roofing ~~and~~ and retiling with some new flat and Pantiles

The floor is much damaged and requires re-flooring The front verandah is much used by runners and the floor is very roughly used by Tappal boxes and other heavy things Consequently Chanam floor would never answer the purpose and require Constant repairs. I have therefore provided Asphaltic flooring in the estimate which would require no repairs for any length of time This is only the expensive item in this Estimate

Bamboo mat is provided in the Estimate for two main rooms.

The building in and outside to be whitewashed
