No. 412. Read the following letter from the Acting Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Coimbatore, 27th October 1871, No. 165:—

In reply to G. O., No. 2,575, dated 10th October 1871, I have the honour to enclose a copy of a letter* from the Collector of Coimbatore, in which that gentleman replies to my inquiries on the subject, noting that he has addressed the Board of Revenue strongly advocating the amalgamation of the two Local Fund Circles now existing in Coimbatore, for reasons in which I quite concur, and I have no doubt Government will accede to the proposition, and therefore no changes need be made in the Coimbatore Range. At all events, till the orders of Government are received in the matter, I beg the question may be permitted to lie over. I take this opportunity of respectfully soliciting the early orders of Government on that portion of my letter referring to the changes proposed in the Collegal, Irrigation, and Caroor Ranges, as pending the receipt of this order to avoid the extra trouble and waste of time such would entail on the Range Officers, and, in Mr. Supervisor Lennon's case, considerable expense. Mr. Executive Engineer Nordmann holds charge of two ranges, and he thus has (except for a brief period) more than he can look after to attend to.

* No. 71 of 23rd October 1871.

From the President of the Local Fund Board, Coimbatore District, to the Acting Superintending Engineer, 7th Division, dated Coimbatore, 23rd October 1871, No. 71.

In reply to your letter, No. 38 of the 21st instant, I have the honour to inform you that I have made a strong representation, through the Board of Revenue, to Government, on the advisability of an amalgamation of the two Local Circles of this district, on the score of greater facility for the despatch of business, as also of economy of time and trouble to all concerned.

No. 413. Order thereon, 23rd November 1871, No. 2,963.
