No. 458. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Camp at Masulipatam, 4th November 1871, No. 104:—

I HAVE the honour to submit a plan and estimate for extending the compound wall of the Engineer Store yard at Nellore, amounting to Rupees 290. As this wall is very necessary for the due security of valuable Government property, and as the work-shop profit funds are too small to bear the charge, I request the sanction of Government for the estimate and for an allotment of funds.

THE estimate of Rupees 290 is sanctioned. The Government are not in a position to provide the amount, but the Superintending Engineer will report whether the necessary funds cannot be obtained from the budget grant for improvements to the Guntoor Jail, on which an expenditure of only Rupees 4 appears to have been incurred up to 30th September 1871 against an allotment of Rupees 6,000.
