Proceedings of the Madras Government, Public Works Department,
29th November 1871.

No. 511. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 24th November 1871, No. 3,473 :—

WITH reference to Government Order, No. 2,933, dated 20th November 1871, I have the honour to inform you that the compound of the Cathedral as well as the compound of the house occupied by Mr. Kindersley are flooded chiefly from the blocked up state of the road drains, and that the Municipality should be called on to rectify this; when they have made the proper drains for carrying off the water the Cathedral compound will then be drained into these drains without any difficulty whatever.

2. The original letter from the Sanitary Inspector, received with the Government Order under reply, is herewith returned.

Sir

I have the honor to draw
your attention to the insan-
itary state of the compound
of the Cathedral. After every
fall of rain the water
stands for a considerable
period as proper means
