Proceedings of the Madras Government, Public Works Department, 30th November 1871.

No. 538. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 10th November 1871, No. 2,504:—

In forwarding herewith two estimates, amounting to Rupees 2,238, for repairing punts, I have the honour to inform you that I have this day appropriated Rupees 1,200 for the same from funds at my disposal, leaving the balance to be allotted hereafter if additional funds are obtained from Government. To enable me to authorize the completion of these repairs, as well as the painting of several punts, for which estimates are shortly expected in this office, I request that you will be pleased to obtain the sanction of Government to supplement the grant of the Godavery District, under "Tools and Plant," "Repairs," by Rupees 5,000, by transfers from other Divisions, otherwise the plant of the district cannot be kept in order from the present allotment. Frequent applications have been made to Government to grant funds for the keep-up of the floating plant of the district, but up to the present time no funds have been made available for the purpose. Now that the delta works are to be taken up actively, and the Government of India expect a fair progress to be made with the allotments assigned by them from the Loan Funds, I beg most respectfully to observe it is of the first importance to have our means of conveying materials to the works in the best order, for no progress can be made with such works until this plant is complete. Under these circumstances I trust the Government will be pleased to grant the funds now applied for.

No. 539. Order thereon, 30th November 1871, No. 3,026.

ACCOUNT, No. 52.

* G. O., No. 2,937, dated 20th November 1871.

The sanction of the Government of India will be requested to the appropriation of a sum of Rupees 5,000 from the anticipated saving of Rupees 13,000* on State outlay in connection with the Madras Irrigation and Canal Company, in order to provide for the maintenance of the floating plant employed on Agricultural works in the Godavery District.

MADRAS

SIR,

In forwarding herewith 2 Estimates amounting to Rupees 2,238 for repairing Pivots, I have the honor to inform you that, I have this day appropriated Rs. 1,300 for the same from funds at my disposal, leaving the balance to be allotted hereafter, if additional funds are obtained from Government. To enable me to authorize the completion of these repairs, as well as the painting of several Jumbs for which Estimates are shortly expected in this Office, I request that you will be pleased to obtain the sanction of Government to supplement the grant of the Godavery District under "Tools and Plant" "Repairs" by Rupees 5,000, by transfers from other Divisions, otherwise the Plant of the District cannot be kept in order from the present allotment. Frequent applications have been made to Government to grant Funds

funds for the keep up of the floating Plant of the District, but upto the present time, no funds have been made available for the purpose. Now that the Delta works are to be taken up actively, and the Government of India expect a fair progress to be made with the allotments assigned by them from the Loan funds, I beg most respectfully to observe, it is of the first importance to have our means of conveying materials to the works in the best order, for no progress can be made with such works until this plant is Complete, Under these Circumstances, I trust the Government will be pleased to grant the funds now applied for.

I have the honor to be

Sir,

Your most obedient Servt

Mott Mackin Major R.E.
