G.O. No. 3102 Press / Mis.
142-43

Dated 8 - 12 1871.

Not to be folded or roughly handled

No. 142. Read the following letter from the Secretary to the Government of India, Public Works Department, (Account—General,) to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 30th November 1871, No. 899-A. G. :—

I AM directed to request that the Government of India in this department may be furnished as soon as possible with a statement in the accompanying form, showing the total amount allotted to each division for expenditure during the current official year on works, repairs and tools and plant, (including Imperial, Provincial, and Local services); also the total establishment charges of each division, and for Direction and Accounts. The aggregate of the two columns should agree with the total amount of the Budget grants under the three heads Imperial, Provincial, and Local.

2. Such portions of the grants for minor works and tools and plant as may not already have been distributed divisionally may be divided off to each division in such manner as may be deemed most suitable.

3. The survey divisions with their respective grants should be shown distinctly in the return.

4. In cases where local allowances are granted, a note of the amount of such allowances should be entered at the foot of the return.

5. The Controller of Public Works Accounts should be able to furnish the figures for the establishment column without any trouble or delay; one month's actual charges for each division, multiplied by twelve for the year, will give a sufficiently close estimate, but the aggregate must not, of course, exceed the authorized grant.

6. I am also to request that the statement may be accompanied by a skeleton map of the Province, showing the location and demarcation of the several divisions.

7. A separate return is required for Irrigation works; but on this point the needful communication will be made to the Irrigation Department.

8. This matter is urgent and I am to request therefore that it may receive the earliest possible attention.

PUBLIC WORKS DEPARTMENT.

ACCOUNT.
General.

To

FORT WILLIAM, NOVEMBER 30, 1871.

SIR,

I am directed to request that the Government of India in this Department may be furnished as soon as possible with a statement in the accompanying form, showing the total amount allotted to each division for expenditure during the current official year on works, repairs and tools and plant, (including Imperial, Provincial and Local services); also the total establishment charges of each division, and for Direction and Accounts. The aggregate of the two columns should agree with the total amount of the Budget grants under the three heads Imperial, Provincial and Local.

2. Such portions of the grants for minor works and tools and plant as may not already have been distributed divisionally may be divided off to each division in such manner as may be deemed most suitable.

3. The survey divisions with their respective grants should be shown distinctly in the return.

4. In cases where local allowances are granted, a note of the amount of such allowances should be entered at the foot of the return.

5. The Controller of Public Works Accounts should be able to furnish the figures for the establishment column without any trouble or delay: one month's actual charges for each division, multiplied by 12 for the year, will give a sufficiently close estimate, but the aggregate must not of course exceed the authorised grant.

6. I am also to request that the statement may be accompanied by a skeleton map of the Province, showing the location and demarcation of the several divisions.

7. A separate return is required for Irrigation Works, but on this point the needful communication will be made to the Irrigation Department.

8. This matter is urgent, and I am to request therefore that it may receive the earliest possible attention.

I have the honour to be,

SIR,

Your most obedient Servant,

Colonel, R. A.,
Secretary to the Govt. of India.

The Secretary to the Government of Madras
