Proceedings of the Madras Government, Public Works Department, 12th December 1871.

No. 216. Read the following letter from the Acting Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Cuddalore, 23rd November 1871, No. 192:—

THE Executive Engineer, Bangalore, has brought to my notice that at the end of last month the balance of grant for "Repairs, Military," amounted to only Rupees 2,224, and that this amount will probably be exhausted by the end of the current month; he begs that Government be moved to supplement the allotment by 10,000 Rupees, or, should that be impracticable, to transfer 10,000 Rupees from the grant made in the budget to Item No. 10, the Ulsoor Water Project.

2. Looking to the past two years the percentage of expenditure during the last four months of the year may be expected to be 35 per cent. of the whole; this, on a grant of Rupees 41,945, would amount to Rupees 14,680. The demand of the Executive Engineer seems, therefore, by no means unreasonable.

3. With regard to the transfer proposed I may mention that the plans and estimates for the Water Supply Projects have just been received from the Executive Engineer, and will very shortly be submitted to Government with a report.

4. The allotment provided for this project is Rupees 25,000; from this the sum demanded, namely, Rupees 10,000, may very well be spared.

No. 217. ORDER THEREON, 12th December 1871, No. 3,134.

ACCOUNT, No. 17.

THE sanction of the Government of India will be requested to the transfer of Rupees 6,000 from the allotment for the Ulsoor Water Supply Project to supplement the grant for Repairs under Military in Bangalore. The Superintending Engineer will report later in the year whether the further grant of Rupees 4,000 is actually needed.

Sir,

The Executive Engineer Bandalore has brought to my notice that at the end of last Month the Balance of grant for "Repairs - Military" amounted to only Rupees 2224 and that this amount will probably be exhausted by the end of the current Month, he begs that Government be moved to supplement the Allotment by 10000 Rupees, or should that be impracticable, to transfer 10000 Rupees from the grant made for the Budget Item 10 - the Velloor Water Project.

2 Looking to the last two years the percentage of expenditure during the

to to be 35 percent of the whole; this on a grant of Rupees 41,945 would amount to Rupees 14,680.— The demand of the Executive Engineer seems therefore by no means unreasonable.

3 With regard to the Improved Drainage mention'd in the proposed and Estimates for the Water Supply Projects have just been received from the Executive Engineer and will be shortly be submitted to Government with a Report.

4 The allotment provided for this Project is Rupees 25000; from this the sum demanded viz: Rupees 10000 may very well be dispensed.

I have the honor to be
