Read the following letters :—

No. 340 From the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 27th November 1871, No 2,680.

I HAVE the honour to bring to the notice of Government, that in consequence of an establishment* having been particularly required for maintaining the water registers of the Chilka Lake Canal, Mr Ellis, Supervisor, now attached to the Central Delta, Godavery District, was on his transfer obliged to leave behind his establishment in the Ganjam District to carry on this work.

* G. O, No 1,637, dated 17th June 1871

2. Mr. Ellis has hitherto conducted his office duties with the aid of a clerk, whose salary was charged to estimates for works, but as in paragraph 2 of G. O., No. 52, dated 6th October 1871, the practice of debiting the salaries of temporary clerks to works has been ordered to be discontinued, I have now to request that an establishment, as per margin, may be sanctioned for Mr Ellis, who is now in charge of a sub-division, like Mr. Larminie, Assistant Engineer.

2. In Proceedings of the 3rd February 1871, No. 327, the Government ordered the amalgamation of the Eastern and Central Delta Ranges into one executive charge, and, considering that under this arrangement it would be practicable to effect a reduction of the establishment employed, called upon the Superintending Engineer to report what reductions were feasible. In his reply* Major Fischer, while deprecating any diminution in the strength of the establishment, expressed an opinion that no increase would at all events be necessary, even if an additional Assistant Engineer were appointed to the district. The Government were accordingly not prepared to receive the present proposals.

* No, 3,824, dated 14th February 1871
