13 In two covers separately

honour to forward plans and estimates as per margin, for the construction of a salt road from Koppole to Venayacum Nattu near Bramgunta, amounting to Rs. 29,800, for submission to Government for sanction and insertion in the Budget for the coming official year.

2. Provision has been made in the above estimate for planting and maintaining avenues agreeably to paragraph 64, Chapter V. of the Public Works Code. The Government in paragraph 3 of Government Order, No. 1,096, of 16th July 1870, Revenue Department, decided that the Jungle Conservancy Fund was established for the conservancy and extension of village jungles chiefly

SUBMITTED, with plans and estimates, with reference to the Proceedings of the Board marginally noted. The length

Paragraph 18 of Mr Freer's letter, recorded in the Board's Proceedings, dated 17th March 1868, No 1,923

Paragraph 6 of Acting Collector's letter, recorded in the Board's Proceedings, No 2,096, dated 24th March 1868

Paragraphs 10 and 14 of late Collector's letter, recorded in the Board's Procs, No 3,081, dated 7th May 1869

of the road is M. 5, F. 3, Yds. 150, and the cost including Rs. 5,321 for avenues, Rs 29,800 or about Rs. 5,500 per mile. Masonry works are to cost Rs 7,840. I do not know the locality and its exigencies, but from paragraphs 10 and 14 of his letter, embodied in the Proceed-

ings of Board of 7th May 1869, it will be seen that Mr. Dykes considered Rs. 22,000, exclusive of the charge for avenues, to be an excessive amount. He, however, admitted the road to be "a necessity," and only last month my Deputy-Collector brought to notice that "merchants and others who come to the important towns of Ongole and Kottapatnam in the neighbourhood with grain and other produce, and who would gladly take back salt, now go back with their bandies empty on account of the excessive difficulty in getting to Biramgunta."

NELLORE,
29th October 1870.

ENCLOSURES Nos 8 to 12 —Specification Reports

ENCLOSURE No 13 —General Specification Report

With the foregoing letter the Collector submits plans and estimates, received by him from the Superintending Engineer of the 2nd Division, for the construction of a salt road from Koppole to Venayacum Nattu near Biramgunta, amounting to Rs 29,800.

	RS	A	P.	
Earth-work	16 638	15	0	tion is M. 5, F. 3, Yds. 150. The
1 Bridge	1,850	0	0	amount of the estimate is composed of
4 Road-dams . . .	5,990	0	0	the items noted in the margin The
	24,478	15	0	estimate seems large, being Rs 4,483 per
Planting avenues	5,321	0	0	mile, but there are 868½ yards of road-
	29,799	15	0	dam and a bridge of 4 arches of 10 spans

to be constructed in a locality where the soil is hard The excessive rate of charge per mile is therefore probably unavoidable.

3 The necessity for the road is explained by the Collector and Board in their communication recorded in Government Order, dated 29th July 1869. No 2,212

4 With these remarks the Board resolve to submit the estimates and plans for the sanction of Government and for the execution of the work during 1871-72 from the Imperial Funds.
